VIDEOTAPED PERSONAL DEPOSITION OF:  
MINHYOUK LEE

March 2, 2012  
Kim & Chang  
Seoul, South Korea  
9:03 A.M. - 3:47 P.M.

09:04:31 1 We understand the court reporter is not  
09:04:34 2 authorized to administer oaths in this venue.  
09:04:37 3 Nevertheless we request that he administer the oath and we  
09:04:40 4 stipulate that we waive any objection to the validity of  
09:04:44 5 the deposition based on the oaths.

09:04:46 6 THE REPORTER: Counsel, agreed?

09:04:48 7 MR. ZELLER: It is.

09:04:50 8 THE VIDEOGRAPHER: Our court reporter, Mike  
09:04:52 9 Miller of American Realtime Court Reporters Asia, will now  
09:04:54 10 swear in the interpreters and the witness, and we shall  
09:04:57 11 proceed.

09:05:26 12 (Interpreters sworn.)

09:05:26 13 MINHYOUK LEE,

09:05:28 14 having been duly sworn, testified as follows:

09:05:28 15 EXAMINATION

09:05:28 16 BY MR. STERN:

09:05:33 17 Q. Good morning, sir. Could you please state your  
09:05:36 18 name for the record?

09:05:38 19 A. My name is MinHyouk Lee.

09:05:43 20 LEAD INTERPRETER: M-I-N-H-Y-O-U-K, L-E-E.

09:05:47 21 BY MR. STERN:

09:05:47 22 Q. By whom are you employed, Mr. Lee?

09:05:49 23 A. My employer?

09:05:55 24 Q. Yes.

09:05:58 25 A. Samsung Electronics Co. Is that what you're

14:18:54 1 BY MR. STERN:

14:18:54 2 Q. When you designed the Galaxy S, did you intend  
14:18:56 3 to implement the design of the F700 in the Galaxy S?

14:19:01 4 MR. ZELLER: The question is vague as to  
14:19:03 5 "implement."

14:19:26 6 A. Well, regarding the Galaxy S, whether or not we  
14:20:12 7 implemented or did not implement, it is a continuum of  
14:20:19 8 many designs that could be whether it's my own philosophy,  
14:20:26 9 my own independent philosophy, or Samsung's values. I  
14:20:32 10 don't lean towards a particular product. That's not the  
14:20:37 11 only thing I consider in all my designs.

14:20:41 12 CHECK INTERPRETER: "Rather than saying that  
14:20:43 13 F700 was implemented or not in Galaxy S, it is more  
14:20:51 14 accurate to say that it is an extension of my accumulated  
14:20:54 15 designs, and I have my own person philosophy as well as  
14:20:58 16 reflecting Samsung's value standard. I did not focus in  
14:21:01 17 only on one particular product or look at it specifically,  
14:21:06 18 and that was the cases for all of my designs."

14:21:11 19 BY MR. STERN:

14:21:11 20 Q. But if someone came up to you and asked, "Where  
14:21:14 21 did you get the idea for the design of the Galaxy S," your  
14:21:17 22 answer would not be "The F700," correct?

14:21:20 23 MR. ZELLER: This has been asked and answered,  
14:21:22 24 misstates the witness' testimony.

14:21:54 25 A. The design is my own independent design. It's

14:22:56 1 not whether I am -- I get influenced from this or that.  
14:23:04 2 It spurs off for my own design philosophy, that's -- and  
14:23:14 3 also in terms of must be reliable in terms of  
14:23:17 4 manufacturing, in addition, beautiful and productive as  
14:23:22 5 well. There's many perspectives that you have to view it.

14:23:29 6 Just because the shape is the same, you cannot  
14:23:32 7 say it's the same. You build it up from the beginning;  
14:23:36 8 it's built up and develops so forth. It's not appropriate  
14:23:40 9 to pick up discussion on a particular model. I don't  
14:23:46 10 think that is a topic of discussion.

14:23:47 11 CHECK INTERPRETER: "The design is my own  
14:23:50 12 independent one. It's not whether or not I get influence  
14:23:55 13 from this or that. It spurs off from my own design  
14:23:59 14 philosophy, and that also needs to be considered with  
14:24:04 15 manufacturability as well as the reliability issues. Of  
14:24:08 16 course, I'm going to design -- the beautiful design could  
14:24:12 17 be part of it too, but you also have to consider  
14:24:14 18 productability. So there are many different things that  
14:24:18 19 you could -- you should consider from different  
14:24:21 20 perspectives.

14:24:22 21 "Just because it appears -- or looks similar,  
14:24:26 22 you cannot draw the conclusion because you have to  
14:24:28 23 consider that how it was built up from the beginning and  
14:24:30 24 how it was made. So I don't think it is appropriate to  
14:24:34 25 discuss it over -- based on one particular model, whether

I, Michael E. Miller, Registered Diplomat Reporter, Certified Realtime Reporter, do hereby certify that the aforementioned witness was first duly sworn by me pursuant to stipulation of counsel to testify to the truth; that I was authorized to and did report said deposition in stenotype; and that the foregoing pages are a true and correct transcription of my shorthand notes of said deposition.

I further certify that said deposition was taken at the time and place hereinabove set forth and that the taking of said deposition was commenced and completed as hereinabove set out.

I further certify that I am not attorney or counsel of any of the parties, nor am I a relative or employee of any attorney or counsel of any party connected with the action, nor am I financially interested in the action.

The foregoing certification of this transcript does not apply to any reproduction of the same by any means unless under the direct control and/or direction of the certifying reporter.

IN WITNESS WHEREOF, I have hereunto set my hand this March 4, 2012.

MICHAEL E. MILLER
